# CRUMBLING LEVEES NEW THREAT FOR FLOOD AREA

## CITY, OIL COMPANY TO CONFER ON PLANT

### STANDARD AVE. BIDS OPENED LAST EVENING

Bids for the improvement of Standard avenue, and bids for putting in sewers on East Richmond boulevard were opened at the meeting of the council last evening and referred to the city engineer for one week.

While the totals of the different bids for the Standard avenue work have not been figured up, it is believed the offer of the California Construction Company is the lowest. The other bidders were Macdonald & Maggioni, Hutchinson Company, and Warren Brothers Company.

The street will be paved with a 2 inch wearing surface on top of six inches of asphalt concrete, and a broken rock cushion of four inches.

The bids on the pavement ranged from \$28 cents per square foot to \$30 cents.

On the sewer work on East Richmond boulevard there were four bidders, and the lowest was Fred Meyers. The others, bidders were L. L. Page, Thomas F. Geary, and Roberts B. McNair.

### The CORE

The rains of the past four or five days convince everyone of the necessity of a general storm sewer system for Richmond. The matter has been discussed at different times, but action has been put off on account of the expense involved. A storm sewer system means protection to the property and streets in the city, and will be money well expended. A bond issue would probably be the best means of raising the money, and if the bonds are for a long period, the burden would be slight on the taxpayers.

Saturday night in the latest you can register and still vote at the presidential primary to be held May 1st. To be able to take active part in your government is a priceless privilege. Don't let the day roll around and find yourself not able to cast a vote. There are a number of registration deputies in this city, and there is no excuse for a voter not having his name enrolled on the register of voters.

In February 1927 the Key System Transit company lost over \$20,000 and in the same month of 1928 its loss was over \$65,000. Just how much longer the system can continue to run is a question. The explanation of the losses is partly due to the service rendered the public. It is getting poorer continually. The solution of the transportation question in this city, would be the elimination of the Key System. The opportunity would then be presented for a company to install a system of modern buses, that would supply the needs of all sections of Richmond.

Notwithstanding all the propaganda that is being put out, indications are that Herbert Hoover will receive the nomination for president on the Republican ticket. Hoover, although a quiet man and not given to doing much talking, is one of the biggest men in the country. On the Democratic side, the squabble has already become so bitter, that no matter who may receive the nomination, it will simply be a case of "also ran."

### Boy Boasts Of Killing Dad

CHARGED WITH MURDER: 12-year-old Marvin Barrett, with sheriff above, is being held in Alpharetta, Ga., jail. In confession the younger admits shooting his parent to save the life of his brother and sister.

### FLOOD VICTIM WILL CONSIDER ON WAY EAST HARBOR WHARF

Tragedy heavy upon his shoulders and the home of his daughter purposely withheld from him. George W. Blakeley, 82, the "Hammer Joe" of Santa Clara river basin, a wanderer since the flood waters loosened from the St. Francis dam collapse claimed his wife's life, is wandering again today, presumably seeking to make his way to the home of another daughter, Mrs. Gertrude Bushey of Omaha, Neb.

Denied the privilege of seeing one daughter, Mrs. Mamie Johnson of Richmond, suffering from a dread disease, and unmindful that he had stood outside her door, Blakeley, penniless, was taken to the county hospital Saturday night to wait while county officials sought to find a haven for him.

Yesterday when Miss Katherine Beasley, county welfare worker, inquired for Blakeley she found that the aged man had left unannounced from a county hospital cabin Sunday night. It is supposed that he is en route to Omaha.

Blakeley ran a hamburger stand near the St. Francis dam. When the barrier broke he and his aged wife sought to flee the flood, but Mrs. Blakeley was caught by the swirling waters and swept to her death.

Blakeley started northward about 10,000 miles from coast to coast and when he reached Hanford told his story to authorities there. He was placed on a train for Richmond, where his daughter makes her home.

Richmond police located the daughter and Blakeley was left in a car outside the home. The police found Mrs. Johnson suffering from an incurable malady and at her pleading that sight of her might cause her father's death police told the aged man that the daughter had moved. They then had him taken to the hospital.

Proposed Tax Cut Hits Snag

WASHINGON, March 26.—A tax cut not to exceed \$200,000,000 appeared to treasury department experts today as the limit without causing a deficit in 1929.

High officials while declaring that the revenue from income taxes so far during March virtually is up to expectations, declared appropriations not contemplated when Secretary Mellon suggested a \$225,000,000 reduction have reduced the margin.

### RETURNS FROM CONCLAVE

Martin Haage, who attended the annual state convention of the State Building Trades Council at Petaluma, has returned to his home here.

### MASON'S STAGE DEGREE

A third degree was conferred by Harbor Lodge of Masons at a meeting held in Masonic hall last night, under the direction of Past Master C. R. Alexander. J. Eakel was in charge of the meeting.

### INSPECTOR NEAR DEATH FROM FUMES

Overcome by monoxide gas while inspecting a boiler at the Blake Brothers quarry here at 10:30 yesterday morning, H. C. Hahn, Berkeley, boiler inspector for the Hartford Fire Insurance company, was revived by Richmond firemen, who operated an inhalator under the direction of Fire Chief Cooper.

The Berkeley man owes his life to a workman who happened to be watching the inspector as he entered the boiler. The deadly fumes immediately rendered Hahn unconscious and he fell forward into the boiler. The workman summoned Anson Blake and J. N. Assmussen, superintendent of the quarry, who called Fire Chief Cooper. The chief sped out to the quarry in company with Assistant Chief Barry and Firemen Millcevich and Morsette.

The rescuing squad found it impossible to enter the boiler because of the poisonous vapor, but the nozzle of the inhalator was fortunately just long enough to reach the unconscious man's face. In a few minutes Hahn was revived and taken from the boiler.

After treatment at the offices of Dr. Feldman, the Berkeley man was taken home by his son, who had been summoned.

It was reported late last night that Hahn was recovering from his near-fatal experience and will suffer no permanent effects.

### Permits Granted For Soft Drinks

Two permits to sell soft drinks were granted at the meeting of the council last evening, one to Edgar Hollister at 271 Sixteenth street, and the other was to W. Spagnoli at 921 Macdonald avenue.

A permit to do a junk business was granted Milo Roberts, who resides at Central and Yosemite in the Richmond Annex.

### Boy Scout Troop 4 Plans Big "Feed"

Jackal Patrol of Troop No. 4 Boy Scouts was winner last night in the patrol contests held in Scout hall. Members of the winning group drew for the prize, a knife awarded by John Opman and William Wods secured the knife.

A "feed" is planned for the meeting next Monday night when members of Troop No. 2 will be guests. Committeemen William Deathe, John Opman, A. Lilly, H. C. Donnelly and J. Donnelly will also be present.

### Pavon Funeral Services Held

Funeral services were held from St. Joseph's church in Pinole yesterday morning at 9 o'clock for Joseph Pavon, 4, son of Mr. and Mrs. J. I. Pavon of that town. Rev. Charles Phillips officiated. Interment was in St. Mary's cemetery, Oakland, under the direction of Wilson and Krater.

### Proposed Tax Cut Hits Snag

WASHINGON, March 26.—A tax cut not to exceed \$200,000,000 appeared to treasury department experts today as the limit without causing a deficit in 1929.

High officials while declaring that the revenue from income taxes so far during March virtually is up to expectations, declared appropriations not contemplated when Secretary Mellon suggested a \$225,000,000 reduction have reduced the margin.

### Albany-Marin Bridge Plan Held Menace To Shipping

During the coming week city officials will have a conference with the heads of the El Dorado Oil Works and ascertain just what they desire of the city of Richmond, in order for them to locate on the water front here.

Those who will attend the conference are City Manager J. A. McVittie, City Attorney T. M. Carlson, and the members of the harbor committee, composed of Councilman J. N. Hartnett, George E. Black and W. W. Scott.

City Attorney Carlson stated to the council he had been expecting a letter from the El Dorado Oil Works, but none arrived and he had called up Mr. Rees, who stated to him that he thought he had fully apprised the members of the capital of what the company wanted. He then suggested the mayor appoint a committee to wait on the officials of the company, ascertain their demands and inform them the city was willing to meet any demands within reason.

Mayor Chandler said she hoped the company would not get the idea Richmond did not want industries, for we want all of them we can secure."

Other objections came from the special engineer and finance committee of the Oakland chamber of commerce. The Berkeley Up Town association, while endorsing a bridge, refused to support the Tomasin application.

The bridge, if constructed, would cost \$18,000,000.

### Transportation Questionnaire Is Expected

Transportation for the eastern section of the city was again brought to the attention of the council last evening by Council Al L. Paulsen.

Paulsen said the Southern Pacific was to prepare a questionnaire which was to be given to residents to sign, but as yet it had not been received.

City Manager J. A. McVittie telephoned the Southern Pacific, but was informed the official in charge of the matter was out of the city, but was expected back in a few days, when the questionnaire would be prepared and forwarded.

G. O. P. Chiefs Face Quiz In Teapot Probe

WASHINGTON, March 26.—In an effort to determine if additional Tea Dome slush fund bonds were used to help wipe out the Republican National Committee's deficit in 1923, the Senate committee probably will call C. B. Thru of New York and J. P. Adams, former G. O. P. chairman, it was learned today. The committee has no evidence at present that either of these officials handled any of the Sinclair Liberty bonds, it was pointed out, but senators have reasons to believe that both helped raise funds to help clean up the party's debts in the period now under inquiry.

Friends of Mrs. Anna C. Negus of 550 Forty-first street, who broke her arm six weeks ago, will be glad to know that she is doing nicely, the splints having been removed.

### MASON'S STAGE DEGREE

A third degree was conferred by Harbor Lodge of Masons at a meeting held in Masonic hall last night, under the direction of Past Master C. R. Alexander. J. Eakel was in charge of the meeting.

### RETURNS FROM CONCLAVE

Martin Haage, who attended the annual state convention of the State Building Trades Council at Petaluma, has returned to his home here.

### CONFAB WILL PAVE WAY TO EARLY ACTION

During the coming week city officials will have a conference with the heads of the El Dorado Oil Works and ascertain just what they desire of the city of Richmond, in order for them to locate on the water front here.

Those who will attend the conference are City Manager J. A. McVittie, City Attorney T. M. Carlson, and the members of the harbor committee, composed of Councilman J. N. Hartnett, George E. Black and W. W. Scott.

City Attorney Carlson stated to the council he had been expecting a letter from the El Dorado Oil Works, but none arrived and he had called up Mr. Rees, who stated to him that he thought he had fully apprised the members of the capital of what the company wanted. He then suggested the mayor appoint a committee to wait on the officials of the company, ascertain their demands and inform them the city was willing to meet any demands within reason.

Mayor Chandler said she hoped the company would not get the idea Richmond did not want industries, for we want all of them we can secure."

Other objections came from the special engineer and finance committee of the Oakland chamber of commerce. The Berkeley Up Town association, while endorsing a bridge, refused to support the Tomasin application.

The bridge, if constructed, would cost \$18,000,000.

### NEW PLANT TO BUILD OFFICE

The Pacific Coast Apartment Builders Association is desirous of erecting an office building and wood working mill in Richmond.

This was made known at the meeting of the council last evening when the concern asked for a permit to erect the buildings.

The location selected is in the Walls Harbor Center tract, at Twenty-first and Ohio streets.

The application was referred to the planning commission for one week.

### Fire Perils Cap Company

A burning telephone pole near the California Cap company, which might have carried a threat to the buildings of the company and its highly combustible contents, was leveled yesterday afternoon by the Richmond fire department.

It is thought that the pole became ignited due to a short circuit in wires leading to it.

### Labor Market Out Of Slump

WASHINGTON, March 26.—Employment conditions throughout the country while serious, are showing improvement. Secretary of Labor Davis reported to the Senate today. His check places the number of persons out of work in the United States at 1,874,000.

"The recent slump however, is not so grave, nor extensive as the estimates generally circulated, said Davis.

### KIN OF LOCAL MAN DIES

R. E. Slattery, 434 Bissell avenue, this city has received word of the death at Rygate, Mont., of his brother William. The Montana man was 76 years old at the time of his death. Funeral services will be held at Diagonal, Iowa, March 22.

### NEW CHECKUP SETS LIST OF DEAD AT 600 MISSING

With 400 persons reported missing, 60 of whom are believed dead, damage running into the millions, four cities and miles of rich farmland under water, hundreds of ranch and city residents were imperiled today as the result of floods, fed by the torrential rains during the last 48 hours, sweeping Central California.

REEDLEY.—Three injured when engine crashes through trestle weakened by flood.

WILLITS.—Fureka Express stalled by slide.

CLOVERDALE.—Five marooned on island in Russian river.

SANTA ROSA.—Road and railroad traffic blocked.

NORTH SACRAMENTO VALLEY.—High water sets 20 year record. Roads blocked, train traffic delayed.

BELDEN.—Over 200 feet

Western Pacific track washed out. Five trains halted between two slides. Freight traffic halted.

PASSENGER traffic transferred to S. P. at Quiney.

MODESTO.—One man believed drowned.

GRIMLEY.—Town of biggs inundated with six inches of water.

PILOT DIES IN BAY FALL

An army photographic plane, flying in driving rain and stiff northwest wind, yesterday afternoon fell into a "flat spin" about 200 feet over San Francisco bay, one of the two occupants of the plane being killed.

Surfman from a coast guard station dove several times in frantic effort to release Munich.

Sergeant William Klutz, 28, riding in the observer's seat, was thrown clear of the plane as it hit the water.

The dead pilot has seen many months of active flying service during the world war, and was a hero of several aerial battles.

A board of investigation is holding their own against a rise of 32 feet all along the Sacramento River, engineers disclosed that the Knights Landing levee was weakening under a terrific surge of water.

While the situation at other points, notably at Portuguese Bend, below the capital, was pronounced critical as a new downpour of rain swept the district, engineers centered their fears on the Knights Landing section.

CAPITAL PERILED

If the river should break through there, it was admitted, this city would be in extreme peril and the capital would be menaced. Hundreds of ranches are in danger of this new threat, they said.

## McADOO ASSURES TUMULT

There are few "sure things" in politics. But now and then something develops which indicates "a lead pipe cinch" so clearly that those who bet on its becoming a fact simply cannot lose. That the democratic convention at Houston will be marked by the same fierce bitterness and "no quarter" asked or given that made the conventions of 1920 and 1924 notorious is now trebly assured. Senator Thomas J. Walsh, dry democrat, has come into the field against Governor Smith and Senator Reed and everybody else who has been "mentioned" for the dubious honor of heading the democratic ticket—Ritchie, Dohney, Pomerene, Meredith among others.

The appearance of the inquisitor of Montana as a formal aspirant means the return of William Gibbs McAdoo in a practical way on behalf of the cause of democratic dissension. By inducing Walsh to file in three states, McAdoo as the high priest of the drys without anything more definite in the way of a personal candidacy than the wreck of his hopes of four and eight years ago, has at least made more certain—if that were needed—that the convention of his party this year shall be a gathering with all the spites and hatreds of 1920 and 1924 reforfed.

The more thoughtful democratic leaders are heavy-hearted at the prospect of another slaughter at the polls, certain to follow the drama of blood and sand at Houston.

McAdoo has declared many times that he wants unity for his party, and to show his sincerity he has each time followed that declaration within twenty-four hours by a vitriolic attack upon Governor Smith. Walsh and Smith are of the same religious faith and nothing could be more obvious than McAdoo's purpose to help capture some of the delegates that might otherwise go to the New York governor. McAdoo intends to head the Walsh ticket in California. If he were to fail of election as delegate, that would unquestionably mark his demise as a factor of consequence in his own state. Walsh is to be in the Wisconsin primary. This is his native state, and he ought to do well, and the better he does, the more antagonisms will be created in the wet democratic group of that state which idolize Smith.

Walsh is also to enter the contest in South Dakota and there, too, the hottest kind of a scrap will take place. There is no question about it: William Gibbs McAdoo is for peace—the kind that is bound to leave the democratic party after its convention too weak to lift a hoof of the party donkey.

If this automobile war keeps up they will be giving us cars so they can sell the parts.—Atlanta Constitution.

"The average full-grown giraffe's tongue is two feet long," just the right length to lick the ice-cream out of a freezer can.—Detroit News.

## Caruso, in the Grave, Still Supports Child With Voice

POOR LITTLE GLORIA CARUSO, daughter of the famous tenor, shown in famous operatic role above, must struggle along on an annual allowance of \$12,000 a year under a court order just signed.

Enrico Caruso's voice still supports his little daughter, Gloria. Royalties from the great singer's phonograph records will pay her an annuity of \$12,000, under an order signed recently.

The money will be paid to the girl's mother, Mrs. Dorothy P. B. Caruso.

An accumulation of royalties on Caruso records paid to his estate by the Victor Talking Machine Company at present total \$741,440. In 1921 they amounted to \$422,981, but dropped to \$71,194 in 1925. Last

year the records produced an income of \$74,762.

In deciding the mother's application, the chancellor held that as a rule a widow is not compelled to support her minor children from her own estate. He said the widow is entitled to a complete indemnity out of the estate of children for the money expended within proper limits for maintenance.

As guardian, Mrs. Caruso filed a petition for an allowance from Gloria's estate for the child's "maintenance and education, according to her station in life."

I have been married nine years and had two children. One died when a year old, and the other is 7. I am 32, my wife is 28. We have parted five different times. We are parted for one year now. I have the boy with me. During this time my wife has lived with a man for three months. He left her, and now she is keeping company with a boy much younger than herself. I have seen this man once over at my mother-in-law's house, and I asked him if he knew that she was my wife. He answered "yes." I have asked my wife to come back and do the right thing, but she won't. I have asked her to get a divorce, but she said she had no money and besides, she didn't need one. Please tell me what to do.—Jerry, Dear Jerry:

I don't think there is much that you can do. If your wife has no moral sense at 28, it is rather hopeless to expect that she will suddenly get it. There are certain people, you know, who are not immoral, they are UN-moral.

That is, there is no distinction between right and wrong for them.

This may sound rather harsh to you, but your wife has certainly shown by her actions that she has none of the moral feelings of a mother for her child. She disregards her position as your wife in a way that would be impossible for any one who was not lacking in all sense of obligation.

Of course you ought to get a divorce. There is no reason why you should be compelled to go through life alone. I don't believe you will have much difficulty in obtaining it, if you can prove the statements you have made to me. I don't advise divorce except in the most extreme cases, but I think it is the only course left open to you.

— MRS. M. F. G.

It is possible that some complications have developed, but in all probability the ache is due to constipation. Please advise.

In standing position, with feet about eighteen inches apart, bend sure and nerve irritation from and twist the body in all directions. With feet together, raise and lower the legs front, side mediate relief from the ache this is certainly so. In any case it will be necessary to overcome constipation before permanent results can be secured.

Required. Only strictly natural foods are used, avoiding overeating.

Am troubled with a dull ache in the left side. It is not continuous, but comes on suddenly. I have a good appetite, but am very constipated. Please advise.

— MRS. M. F. G.

OLNEY'S

## SWANSON FILM STARTS TODAY AT CALIFORNIA

**Sadie Thompson** Gloria Swanson's latest screen offering has been booked as the feature attraction at the California theatre beginning today. Adapted from W. Somerset Maugham's international famous short story, "Miss Thompson," Sadie Thompson is her second contribution to the screen as an independent producer under the banner of United Artists, of which she is an owner member.

The new picture was directed by Raoul Walsh, who achieved his first dramatic role in "The Big Four" and "Loves of Carmen" and it was produced at the United Artists studio in Hollywood.

With Miss Swanson as the colorful "Sadie Thompson," the part dramatic role she has interpreted, Walsh, the director, makes his first screen appearance in years as Sergeant Timothy O'Hare, the Marine lover; and Luise Rainer has the role of Alfred Atkinson, the reformer, one of the most distinguished characters in modern literature. Other members of the cast are Lila Lee, Frederic March, Charles Lane, Florence Midgley, James A. Marcus, Sophia Artega and Will Stanton. In addition a group of Samoan natives and a large company of Marines supply atmosphere in the tropical exteriors of the picture, which has its setting at Pago Pago.

Other features on the same program include "Breezing Along," a Lloyd Hamilton comedy; current news events; and Larry Caneo, at the organ.

### ANSWERS WHAT DO YOU KNOW (On Editorial Page)

1. The "cock's tall" was a favorite drink of British officers stationed at White Plains, N. Y., during the Revolutionary War.

2. Roughly, about six billion coins.

3. Alaska is an Indian name meaning mainland.

4. The expression was originated by folk sitting before the open hearth of the olden days and drinking.

The place by the fire was the "Hob" and the drinking table was the "Nob."

5. A "Benedict." From one of the characters in Shakespeare's "Love's Labor Lost."

6. From the first letters of the Australian-New Zealand Army Corps. "A-N-Z-A-C."

**GLORIA SWANSON in "SADIE THOMPSON"** is said to be at her best and that is not all. The entire picture is a winner for audiences. It will come to the California Tuesday, Wednesday and Thursday, March 27th, 28th and 29th.

## DOT MACKAILL PHONE GIRL IN RICHMOND FILM

Dorothy Mackall has become a telephone girl for her latest screen appearance.

She dispenses wrong numbers and "busy" signals as though she had had years of experience in "Smile, Brother, Smile" a First National Picture, no showing at the Richmond theatre, in which she is featured with Jack Mulhall.

"Smile, Brother, Smile," a comedy-drama of modern business life, gives every promise of unusual entertainment. Mulhall plays the role of an ambitious young traveling salesman who refuses to take "no" for an answer.

"Smile, Brother, Smile" was produced for First National Pictures by Charles R. Rogers and directed by John Francis Dillon. The picture is based on an original photoplay by Al Boasberg.

## A Good Study In Black

## JILTED SUITOR SHOOTS WOMAN

Ired when Mrs. Mary Stone, 1628 Parker Street, Berkeley, refused to heed his plea to renew broken engagement, Charles Smith, San Jose, yesterday shot the woman through the left lung.

Mrs. Stone, 53, told police she found Stone in her home, when she returned with a friend, and the three chatted quietly for a short time.

Mrs. Nettie Way, Oakland, who was with Mrs. Stone, declared that the other two retired to the kitchen, where she heard them talking in low tones.

"I've always been good to you, Mary," she heard Smith say.

"And I've always been good to you, Mary," was Mrs. Stone's answer.

Mrs. Way then told of hearing a shot. Running to the kitchen, she saw her friend on the floor, Smith standing with a pistol in his hand. She ran to a neighbor and phoned for the police, while Smith summoned an ambulance.

Smith, who is the same age as Mrs. Stone, told police that he "didn't want to kill her."

"I was wild because she wouldn't accept my love," he said.

ALTRUSAS, (Modoc County), March 24.—Stolidly, Cassie Turner is awaiting her trial.

Five more days must drag by before she faces the court. Five more days before white men will sit in judgment on the Indian girl.

Manslaughter is the charge against her. They say she killed her lover, Bob Decute, a white man.

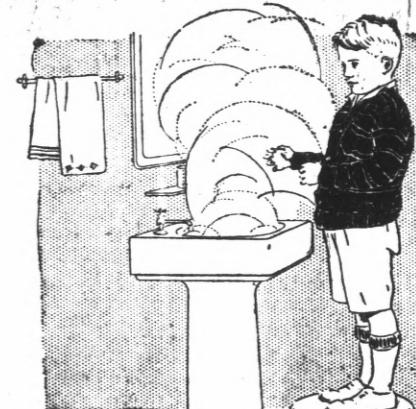

"Fighting John" Sharp, pioneer Modoc county lawyer, obtained a two-day postponement of the trial to allow Chief White Cloud to go to Sacramento and ask additional counsel of the governor. For the Indians are poor. They have no money to defend the daughter of the tribe who broke the white man's law.

**FINE OF FIVE DOLLARS COST MAN HIS LIFE**

The report of Police Judge C. A. Odell filed with the council last evening showed that 65 cases were handled during the past month, and fines and forfeitures collected to the amount of \$655.

### BUILDING PERMITS

City Building Inspector A. J. Hurley yesterday issued a permit to Mrs. E. F. Redmond to build a three-room addition to a cottage on Plum avenue, between Sixth and Seventh streets, at a cost of \$2400. F. C. Hosking is the contractor.

## All the HOT water you want —no waiting, no bother

### Automatic Storage Gas Water Heater

Heater keeps plentiful

hot water ready

Isn't it a wonderful convenience to always have plentiful hot water immediately?

Men like their clubs and the hotels for just this reason.

And you can have this excellent hot water service in your own home.

An Automatic Storage Gas Water Heater gives plentiful hot water day

and night—deep hot water for bathing, a basinful for shaving. There's no waiting, no bother.

The operating cost of an automatic water heater is low. It raises the temperature of water from 60° to 140° at a cost of about one-fifth of a cent per gallon. This is the lowest cost for heating water in the home.

Details on replacing your old water heater with a modern Automatic Storage Gas Water Heater can be obtained by phoning or calling at our local office.

## LOCAL POLICE LEND AID IN THUG BARRIER

Criminals attempting to flee from Contra Costa county with the spoils of their burglaries or banditry and law breakers making their way from other counties through Contra Costa will soon find an armed guard ready to halt their flight at each of the nine points of egress from this county.

The almost instant placing of a guard at every point is to be made possible through the cooperation of the Pacific Telephone & Telegraph Co., with the efforts being exerted by Sheriff R. R. Veale and District Attorney A. B. Tinning to carry out the plan recently proposed by Charles S. Merrill, chief of the State Bureau of Criminal Identification, to throw a ring of steel around the State and along its main arteries, the barrier being thrown up by a carefully coordinated system of telephones.

The most recent installation in Contra Costa is of a toll telephone station at Harry Burdick's service station at the Borden Highway junction where traffic leaves the Diablo valley highway in Eastern Contra Costa to cut across the Islands to Stockton. By means of cooperation with the El Cerrito and Richmond police, escape via San Pablo avenue to Oakland or the Richmond-San Rafael Ferry to Marin county is cut off. Several escaping criminals have already been captured at the Carquinez bridge when word of their approach to them was telephoned to the bridge guards.

The Martinez Menica Ferry can be quickly placed under guard and a telephone call to the Antioch Victory Highway bridge will speedily halt escape via that route. All traffic to Stockton or Tracy must pass Borden or Tracy. San Ramon which is off the cape via Dublin or Crow canyon, already has telephone service and the same is true with Redwood Canyon, Oak Villa or Canary Cottage on the tunnel road and San Pablo junction on the Orinda Park road.

The telephone installation at Borden junction, particularly requested by the authorities of the county, completes the system for speedy apprehension of criminals attempting to flee from Contra Costa.

SODDEN TANGLE OF DEBRIS lies today in the wake of the Pacific Coast's worst flood. Bodies of children, women and men lie amid wreckage such as that shown above, a scene spread out through entire Santa Clara Valley. When the St. Francis Dam gave way and loosened a 100-foot tidal wave, residents were trapped in their homes, cattle drowned and a rich farming section devastated. Today the valley, recovering from its disaster, is planning reconstruction and new activity, though about 700 still are missing.

## ACTION AGAIN IS HALTED ON SPAN PROJECT

MARTINEZ, March 26.—With work still lacking from State Engineer Edward Hyatt as to whether he will pass on the length of the spans to be embraced in the \$15,000,000 bay bridge, Roy Long of Berkeley projects, the Contra Costa Board of Supervisors today postponed for a week formal grant of franchise to Long and certification of the plans to the state engineer.

Long proposes a structure that will unite Contra Costa and Marin counties and is prepared to seek War Department approval as soon as Hyatt gives a definite answer as to whether he will pass on span lengths.

Attorney General U. S. Webb has given an opinion that Hyatt should pass on the spans, but the engineer has not made his decision known yet. Delay in Hyatt's answer has been occasioned by his investigation at the St. Francis dam.

Zodiac sweaters are new. These are modernistically patterned in two-tone effects in brushed zephyr yarns, with opposite arrangements of colors on either side.

## Foot troubles need no longer sap your nervous energy

The pain of those poor aching feet—how you long to get rid of it! For not only is the constant irritation distressing, but, as physicians well know, it saps your nervous energy, too.

You have a chance to get genuine relief from foot ills—without even a change in your usual style of footwear. Aching feet, burning tender soles, weak ankles, corns, callouses, bunions—it makes no difference; there's a Dr. Scholl's Foot Comfort appliance or remedy for every form of foot trouble.

**Dr. Scholl's Foot Comfort Week**

is a nation-wide drive to bring comfort to all foot sufferers. We are behind the movement heart and soul, to build up the foot health of this town. Bring us your foot troubles; and enjoy once more the comfort of healthy, active feet.

Foot comfort is yours if you come to our store

## Find Bodies Buried Deep in River Mud

### Coxey's Army Mobilized Again

OUT of retirement has come Gen. Coxey to organize a new march of unemployed from New York to Washington. Gen. Coxey is shown above at left talking with a veteran of his old army of the jobless which marched in 1894.

## NEW CHECKUP SETS LIST OF DEAD AT 60, 100 MISSING

Continued From Page 1 been received from Liberty Island where 18 ranchers are still missing.

Sandbags are being rushed to danger points along the river and crews of workmen labor in a blinding rain to save the city from destruction.

Bodies of three women were sighted jammed against the Southern Pacific trestle shortly before noon here today. Rescue boats were attempting to rescue them.

Six families in a house 12 miles north of here were reportedly drowned when water trapped them in their one-story dwelling.

### DISEASE THREATENS

SACRAMENTO, March 26.—Precautionary steps to prevent disease as an aftermath of the North Sacramento flood will be taken immediately by the state department of health with Dr. Walter Dickie department director in personal charge of the situation, it was announced today. Attention will be centered on maintaining a supply of pure drinking water. A staff will be transferred there from the Santa Clara district in Southern California.

### HIGHWAYS BLOCKED

SAN FRANCISCO, March 26.—Both the Pacific highway and the Redwood highway have been closed by slides and a long list of secondary routes in the Russian river and Santa Cruz districts made impassable by overflowing streams and rivers, the California Automobile Association reported today.

A severe slide occurred at Costella on the Pacific highway south of Duncansville and the Redwood

## Moon Retards Action Of Earth, Makes Days Longer

(By Universal Service)

CAMBRIDGE, March 25.—Astronomers and mathematicians now know that the pull of the tides is holding back the earth's rotation and therefore days grow longer.

Although at present the days lengthen at the rate of only one-thousandth of a second each century, still this lengthening is destined ultimately to produce change in earth conditions.

Days will grow to become fifty days long, and only one portion of the earth will receive the moonlight. Still longer days will come, and then the moon will fall into the earth. Finally the earth's rotation will stop entirely, and one perpetual day-light will end one-half the earth and perpetual night the other.

On the moon, life is known to be impossible with even fourteen day periods of sunshine and darkness. The reason is the moon's extreme heat and cold. In the sunshine heat rises above the melting point of iron; and the cold sinks in the darkness to 470 degrees below zero. With sunshine and darkness endless, the earth's temperature extremes would be imagined even greater than the moon's. The earth will remain moderate because of its atmosphere.

### DARKER SKINS

Men, since they will find the sunny side of the earth more habitable, will presumably form constant sunlight evolve dark skins—or present day dark-skinned men may be the only ones to persist.

Plants (on which the life of the animal kingdom will depend) will have to undergo the most serious changes. It may be that man will have invented stupendous mechanism to furnish plants with the conditions they need.

The greatest force stopping the earth's rotation at present is the pull of the moon. It is the tides of action of the earth's tremendous bodies of water that give the pull of the moon this stopping power.

The moon circles around the earth in the same direction as the earth spins on its axis. Because of the moon's movement, it takes 25 hours 25 minutes for the same spot on the earth to come under the moon twice. The moon's great pull is on the point of the earth directly facing it. When its pull is on water the water rises and causes the tides.

But before the masses of water can rise to the pull, a big flowing must take place; and thus the rising of the tide takes time. When the water has risen to its high point and made its high tide bulge, the earth has spun around and a different spot on the earth is directly facing the moon.

This keeps happening continuously and always there is this high tide bulge of the water about 3,000 miles east of the point directly facing the moon. In respect to the moon, this high tide bulge keeps the same position; and in respect to the earth the bulge is like a big ripple flowing over it and against its rotation.

The earth's spin exerts force to pull the tide bulge around with it. The attraction of the moon holds tight to the bulge. The spin of the earth, therefore, tends at present to pull the moon faster and faster.

Now as the earth with its bulge tends to speed up the

## TWO SUSTAIN INJURIES IN CAR CRASHES SECOND WEEK OF REVIVALS OPENS HERE

Four accidents in which two persons were injured was the week-end toll in Richmond.

Richard Charter, 21-month-old son of Mrs. H. L. Charter of El Cerrito, sustained cuts and bruises when the machine in which he was riding with his mother became uncontrollable due to the slippery condition of the pavement and crashed into a pole. The child was rushed to the Abbott Emergency hospital by Officer Wesley Zimmerman and received treatment from Dr. L. Abbott Hedges. The car was slightly damaged.

Cuts about the face were sustained by Edward Behling of 2415 Wendell avenue, Berkeley, when the car in which he was riding collided with one driven by Geo. Martin of 219 Douglas street, San Francisco, at the intersection of Macdonald and Twenty-third street.

The parked car of Ernest Madison, 4634 Bay View avenue, was side-swiped by a hit-and-run motorist on Macdonald avenue, between Seventh and Eighth streets Sunday night.

Car owned by Wallace Mauser for \$10 Haven street, Martinez and William Hechner of 3024 Harper street, Berkeley, collided while both were going in the same direction on Cutting boulevard near First street, Sunday afternoon. Mauser slowed his speed to permit another machine to cross the boulevard. As he did so, Hechner's machine crashed into the rear of the car. Both cars were slightly dented.

## WELTERS TO HEAD SCRAP AT CERRITO

By ZOLEN DEBS

When Joe Limas and Chip Miller, junior welters, enter Joe Roselli's ring at El Cerrito Friday night fans will move onto the edges of their seats.

Miller announced several days ago, when begging Roselli for the main event shot and his third battle against Limas, that he would hang the gloves up for good if he failed to win in the eyes of the referee. In the eyes of many of the fans at the last show he was entitled to at least a draw, and many believed he had a shade in the battle.

Winner to take all is the main condition under which the speedy punchers will fight this week and plenty of determination will be stored in the scrapers' heads and hearts, and plenty of sock in their punches.

If the Vahy of San Francisco can keep away from the terrible punches of Tommy Bennett, San Jose middle, he will have an excellent chance to cop the decision in the six round semi.

Bennett is quite fast for his weight, and carries a good punch and plenty of boxing ability, but it is doubtful if he is as tough as Vahy, who also hits hard enough to put the average man in his class down for keeps.

A great battle looms between Henry Faligano, conqueror of California Joe Lynch, Dynamite Murphy, Sydney White, and others, and Billie West of Pittsburgh.

The pugnacious Pittsburgh sensation has been creating plenty of comment around San Francisco and inland clubs during the last several months, and due to his youth, is expected to vanquish his older, but more experienced rival. However, those who have seen Faligano battle will hesitate to support West too strongly. This affair looks as the best of the preliminaries.

With each carrying victories over Joe Vierra, Archie Lazar and Billie Liner will tangle in a 122-pound four round preliminary. Liner will do the mixing, and Lazar the boxing, with the result probably in doubt until the referee makes up his mind at the last bell.

Tommy Nunes faces John Suey in the once-a-week bout, although Suey may surprise.

## PIRATE COACH VISITOR HERE

Oscar Stannage, former star catcher for the Detroit Tigers, is a guest of Joe Perasso, the battery man. Stannage is now assistant manager for the Pittsburgh Pirates, which team is now playing exhibition games with the Pacific Coast league.

## ALLIANCE POINTS TO FIGHT WAR

By Universal Service

It will be the bitter end this war that was declared by the all-d forces of Jim Mullen and Humbert Fugazy against Mr. George L. "Tex" Rickard.

It will be a picture for a battle scene. Giants winding up in a scrap between Gentleman George Tamm, the present heavyweight champion of the world, and the opponent selected either by the all-d forces of Mullen and Fugazy or Mr. Rickard.

Mr. Fugazy came to Chicago from his New York domicile to make amends. Mr. Martin, who succeeded admirably is evaded by the proclamation issued by them which reads something like—

"It will be the policy of our combination to produce the popular choice for heavyweight honors and not contend for the title with a hand-picked opponent."

Fugazy and Mullen will not tie up again fighter for an indefinite period of time. They believe two fights should be sufficient for the public to judge the merits of the respective challenger.

The Mullen-Fugazy alliance will apply to the selection of public contests for title fights in all boxing divisions.

The present monopoly on the heavyweight situation has failed to produce legitimate contenders. It is believed that the present combination of Fugazy and Mullen will be the means of obtaining a real contender in the Heavyweight division."

That Mullen and Fugazy should unite their efforts in an effort to tick Tex Rickard is not unusual, nor it might be said, unexpected.

Mullen and Fugazy both made attacks on Rickard's promoting power and failed—singly.

Mullen, who is the chief of the Chicago promoters, salled forth in battle array, armed with a contract with Sammy Mandell.

He went to the lair of Mr. Rickard, who held a contract with Jimmy McLaren, the prime contender for Mr. Mandell's lightweight title. Mr. Rickard won, apparently.

Fugazy has tried to usurp the throne of the mighty Tex, and has failed.

So, Humbert sailed forth on a peace mission to Chicago. Arriving here, he proposed a pact between himself and Mullen, the two of them to make one grand effort to tick Mr. Rickard for the privilege of staging the greatest of all contests, a heavyweight championship fight.

It is the opinion of the alliance that Mr. Rickard's heavyweight elimination contests in New York have been a failure in every respect, except the replenishing of the coffers of Mr. Rickard, the promoting prince.

Sharkey, Heeney, Risko, Delaney all went the path of those not of championship calibre.

That the new alliance will bring forth Mr. Otto Von Porat, Norwegian, hammer fisted contender, is practically settled. Von Porat was once upon a time Olympic champion of the heavies, and is reputed to be the hardest hit 'n' stingest since William Harrison Dempsey made his debut out where the west begins.

Von Porat was scheduled to meet Roberto Roberti here, but developed a bad cold. Roberti, as it was won on a foul from big boy Peterson in the first round.

It is very possible, yet probable, that Von Porat will tangle with Mr. Roberti in the first of the allied elimination contests.

And after that one more fight and then the big battle, and if Mullen and Fugazy can land Tunney, then Mr. Rickard will be ticked, decisively and at least temporarily.

**\$15 to Portland**

## To Return for Races at Pacific Southwest Exposition

Priscilla, a Six-Meter Sloop from the Seawanhaka-Corinthian Yacht Club of Oyster Bay, New York, Won the National Mid-Winter Sail-Off Champion in Her Class During Recent Yacht Races Off Long Beach-Los Angeles Harbor. She is Pictured Here Rounding the Weather Marker, Closely Followed By the Fleet of Atlantic and Pacific Coast Sloops, All of Which She Defeated. Southern California Racing Skippers Will Welcome an Opportunity for Another Trial Against This Fast Racing Machine During the Southern California Yachting Association Regatta, Which Will Take Place Off Long Beach During the Pacific Southwest Exposition, to Be Staged in that City Beginning July 27. (Photo by Ray E. Chapin)

## RUMANIAN TREATY HIT BY BERGER

WASHINGTON, March 26.—

Treaty relations with Rumania would be broken off under a joint resolution introduced in the house today by Representative Berger, socialist of Wisconsin because of that country's "Persecution of racial and religious minorities."

Atrocities are being perpetrated, Berger declared, on Catholics, Lutherans, Baptists, Jews, Germans and Magyars and are of such a nature as to leave Rumania out of the family of civilized nations.

The severance of treaty relations, Berger said, "Seems to me to constitute the most drastic step, short of war, that we can take to discharge the obligation we owe to the persecuted minorities and humanity generally. That this is the twentieth century, something she does not realize now."

He you look like a sensible girl; let's get married.

Her: Nothing doing. I'm just as sensible as I look.

That the new alliance will bring forth Mr. Otto Von Porat, Norwegian, hammer fisted contender, is practically settled. Von Porat was once upon a time Olympic champion of the heavies, and is reputed to be the hardest hit 'n' stingest since William Harrison Dempsey made his debut out where the west begins.

Von Porat was scheduled to meet Roberto Roberti here, but developed a bad cold. Roberti, as it was won on a foul from big boy Peterson in the first round.

It is very possible, yet probable, that Von Porat will tangle with Mr. Roberti in the first of the allied elimination contests.

And after that one more fight and then the big battle, and if Mullen and Fugazy can land Tunney, then Mr. Rickard will be ticked, decisively and at least temporarily.

## PURCHASE OF EQUIPMENT FOR NEW LIBRARY IS POSTPONED

Proceeding for the construction of a reservoir across Cerrito Creek on Santa Fe avenue at the El Cerrito-Albany city limits were ordered prepared by the council at their meeting held Monday night. Street Superintendent Forrest Wright reported that he had received word from the Albany city officials that they would appropriate \$400 toward defraying the cost of the work which is estimated at \$800.

Buying of new equipment for the library was laid over on the suggestion of Councilman George Conlon. He stated the owners of the property are asking an increase in rent from \$12.00 to \$35.00 per month. No action will be taken by the council until a new lease is entered into with E. R. Evans, the owner of the property.

Request of the Foster Kleiser company to do electrical work on their sign board without planing in an electrical license was granted by the council.

In response to a request of the newly formed Sewerage and Research Society of California for the council of El Cerrito to name a member for the general committee of the society, Mayor Fred Lutz appointed City Engineer Ross D. Caffer to attend a meeting in
